PROGRAMS AT TIMBERLINE

- One of our goals this year is to help our 9th grade students enter High School with the credit they need to continue on to graduation. **100% Qualified** closely watches student’s grades, and involves the student’s parents, counselors, and administration to help students receive 100% of their credits.

- To encourage high achievement and participation in the school, we are starting a new student incentive program entitled **“Grizzly Pride”**. Each term students can qualify for one of three cards that they can use to receive incentives based on their level of achievement. See website for more detail.

- To assist our new 7th Grade students transition from Elementary to Middle School, 26 ninth grade students were chosen as mentors and members of **SOAR-Students Offering Assistance and Reassurance**. These students, who are excellent students themselves, receive training from our counselors and administration then spend two days a week coaching our 7th grade students during SSR on how to be successful at TMS.

- Every student at TMS has 30 minutes Tuesday –Friday to read silently, work on homework, or attend **ZAP- Zeros Aren’t Permitted** program which allows students, referred by their teacher, to work with a teacher to complete their assignments. Thus far this year, students have attended ZAP 1681 times and completed 1229 assignments.
