

Stage Crew Application

Stage Crew is the most technical drama class taught in the school! Out of all my classes it has the most homework (unlike Drama, our homework consist of more than just memorizing lines!) Students who take this class need to exemplify organization, self motivation, and responsibility. They also need to be willing to work hard and try new things. Stage Crew students need to be good at listening to and executing directions when given the first time. We cover many different topics ranging from stage makeup, set building/design, to lights and sound. Students will be expected to participate in all areas of the class even if a certain area doesn't appeal to them

There are three steps to the application process:

- Type a paragraph** as to why Ms. Wilkes should choose you for this class. What skills do you posses that will make you a good candidate for being chosen? Why does Stage Crew appeal to you? Anything else you think I should know!

- Ask a teacher (besides Ms. Wilkes) in the school to fill out the **Teacher Recommendation Form**. It will be your responsibility to make sure the teacher has given the form to Ms. Wilkes. If this form is not turned in by the deadline you will not be considered for the position. Teachers can only give the form back to you personally if it is in a sealed envelope. Fill out your name and the teacher name for the teacher (this makes us happy!)

Teacher Recommendation

Stage Crew is a self-motivated class in many ways. There are times when students from the class are working in three different areas of the school. This means that I can not supervise them all the time. I need students in the class who are self motivated, reliable, responsible, and innovative. If you could take a minute to fill out the following questioner about the following student to help me make my decision on who to let into the class I would appreciate it.

Thanks

Cali Wilkes

Additional Comments:

Please do not give this back to the students (unless it is in a sealed envelope). You can either put it in my box or give it to me personally. THANKS!
