COURSE DESCRIPTIONS

8TH GRADE
2015-2016

REQUIRED CLASSES

MATH INTERMEDIATE 2 -- Full Year Class: Intermediate II is the New Utah State Core's eighth grade class. This course includes the study of scientific notation, exponents, functions, linearity, Pythagorean Theorem, rational numbers, irrational numbers, surface area and volume of 3-D figures, systems of linear equations, interpreting data, similarity, transformations, congruence and angle relationships.

ENGLISH -- Full Year Class: This course continues developing language skills including reading, writing, and oral work, with a major emphasis on grammar review taught through the writing process. These skills include a review of punctuation and capitalization skills, a unit on composition and usage, a unit on sentence structure and applications of grammar to more effective speaking and writing. The department offers units in such areas as: short stories, library skills, study skills, and a novel unit. *This class has a \$10 class fee.*

SCIENCE -- Full Year Class: Eighth Grade Integrated Science focuses on the theme of "change." Topics from physical, earth, and life, science are integrated to illustrate the concept of change in nature. Students will study chemical and physical changes; changes in force, motion, and energy; changes in the earth's crust and climate. Hands-on inquiry-based instruction is used to help the student value science as a process for obtaining knowledge based on observable evidence. *This class has a \$5 class fee.*

U.S. HISTORY -- Full Year Class: This United States History course is designed to emphasize historic events from the age of exploration to reconstruction and the western movements. Topics covered will include, but are not limited to, the age of exploration, colonization, Revolutionary War, national period, constitutional issues, Civil War, reconstruction, and the western movement. The emphasis of this course is on the 18th and 19th centuries.

HEALTH -- Semester Class: Health education provides opportunities for students to develop knowledge, skills, and attitudes necessary for practicing lifelong, health-enhancing behaviors. The Health I curriculum focuses on what students can do for themselves to meet the objectives of the six state core standards. Students will learn that they are responsible for their personal well-being and that building a solid foundation of health literacy and decision-making skills can contribute to a variety of healthy choices for self and others that will be of value throughout life.

PE BOYS & GIRLS -- Semester Class: Intermediate Activities offers a wide range of developmentally appropriate activities that are increasingly complex in content, concept, and skill development and execution. Students continue to practice skills in modified form but begin to participate in regulation games with more complex playing environments than those experienced in Beginning Activities. Intermediate Activities incorporates more in-depth instruction and application of the elements of physical fitness. Students begin to see the relationship between proper nutritional choices and physical activity for the maintenance of a lifelong healthy lifestyle. *This class has a \$3 class fee. This class may require a Willowcreek PE shirt for \$8. Black Willowcreek PE shorts are available for \$10.*

FINE ARTS CLASSES

ART FOUNDATIONS 1 – Semester Class: *This class is a prerequisite for all other art classes.* Art Foundations 1 is a beginning art class.
