Dear Parents of 8th Grade Students-

The Counselors at Willowcreek Middle School are pleased to invite you to attend your student's 8th grade PCCR (Plan Career and College Readiness). A PCCR is an opportunity for the school counselors to discuss with your student in a group setting about topics including goal planning, starting a 4 year high school plan, career exploration, college preparation, and higher education financial planning.

These informative meetings will be taking place during your student's math class. Please ask your student when they have math or you may check their schedule in Skyward.

Parents are invited to attend the 40 min group presentation in the Auditorium at the beginning of the class period (**except A3**). Directly following the presentation, counselors will be available to answer short questions from students and parents. As with any other issues, you may schedule an appointment with your student's counselor contacting them via email to setup an appointment.

Additionally, if your student's math time schedule doesn't work for you, feel free to attend any of the other presentation times without your student.

If you have any additional questions or concerns, feel free to call the counseling office at 801-610-8767. We look forward to meeting with you and your student.

Thank You,
