Name: Kim Conant

Address: 21 W 1370 N

Phone Number: 8014929259

City: AF

**Student Information**

Name: Isaac Conant

Grade:8

Please provide a brief description of your past involvement in the public school system and what you hope to accomplish as a member of the school community council. This information will be included on the ballot.

I have served 3 years now on the school community council at AFJH as well as one year on the council at AFHS. I served previous to those terms on the community council for Legacy Elementary. I love being involved in the education system for my children. I love advocating for special needs and for teachers. I enjoy working with administration in trying to determine appropriate needs and funding resources for programs and such to meet the needs of children who struggle as well as children who succeed in school. I have children at AFJH in both situations - an IEP student and an ALL student. I feel the community council functions as it should when information is shared with community members. I am open to others within the school boundaries who may have concerns or questions. I advocate for them, I present their concerns and I hopefully have done well at sharing information and success stories with members of our community as well. I hope to continue to do so on the AFJH council. I will continue on the AFHS council for another year at least.
