## EXEMPTIONS

### PERSONAL, RELIGIOUS & MEDICAL

All **new** students, students entering **Kindergarten and 7<sup>th</sup> grade** the legal guardian must complete an on-line educational module (free of charge) and provide a copy of the completed form to the school official. The on-line course can be found at [https://apps.usiis.org/vac\\_edu\\_module/](https://apps.usiis.org/vac_edu_module/) .  
*Completion of the on-line educational module can be done at the Health Department if you do not have access to a computer. For a **medical exemption**, a written note from a licensed health care provider must be provided along with a copy of the completed on-line educational module. It should state the physical condition of the student, and why that vaccine would endanger the student's life or health.*

**Results of a completed TB test (PPD) given in the U.S. within 90 days or results of a chest x-ray taken within the last year must be presented to register for school by all foreign-born students from countries at high risk entering school for the first time or any student who has lived in high-risk countries for 6 months or more within the past 5 year. Students that have initiated a TB screening test but are waiting results may begin school if they have no signs or symptoms of tuberculosis.**

*A child may be allowed to attend school "conditionally" if at least one dose of each required immunization series has been completed and the child is **currently on schedule** to finish the rest. The remaining immunizations must be completed **on schedule** for the child to remain in attendance.*
