

2024-2025 SCHOOL IMMUNIZATION REQUIREMENTS

Utah State Law requires that all students must submit a completed immunization record to the school
BEFORE THE FIRST DAY OF SCHOOL ATTENDANCE.

THESE REQUIREMENTS ARE IN EFFECT FOR THE 2024-2025 SCHOOL YEAR IN ALL UTAH PUBLIC AND PRIVATE SCHOOLS.

A student must have proof of the following immunizations for school enrollment or submit one of the three exemptions listed below.

PRE-K

- **4 Dtap/DTP**
- **3 Polio (IPV)**
- **1 MMR*** (measles, mumps, rubella)
- **3 Hepatitis B (HBV)**
- **2 Hepatitis A (HAV)***
- **1 Varicella**** (chickenpox)
- **HIB**-doses adequate for age
- **Pneumococcal**- doses adequate for age, including one dose of Prevnar 13

*1st dose MMR, Varicella and Hepatitis A must be given AFTER 1st birthday to be valid dose

**Varicella history of disease requires document signed by a healthcare provider for verification.

KINDER-6TH

- **5 Dtap/Tdap**
 - 4 doses ok if 4th given after 4th birthday · 3 doses ok if 3rd given after 7th birthday
- **4 Polio (IPV)**
 - last dose must be given after 4th birthday or 5 required
 - 3 doses ok if 3rd given after 4th birthday
- **2 MMR** (mumps, measles, rubella)
- **3 Hepatitis B (HBV)**
 - last dose must be given after 24 weeks (6 mo) of age or 4 doses required
- **2 Varicella (chickenpox)**
 - history of disease requires a document signed by a healthcare provider
- **2 Hepatitis A (HAV)**

7TH-12TH

- **5 Dtap/Tdap**
 - 4 doses ok if 4th given after 4th birthday · 3 doses ok if 3rd given after 7th birthday
- **1 Tdap** (tetanus, diphtheria, pertussis)
- **4 Polio (IPV)**
 - last dose must be given after 4th birthday or 5 required
 - 3 doses ok if 3rd given after 4th birthday
- **2 MMR** (mumps, measles, rubella)
- **3 Hepatitis B (HBV)**
 - last dose must be given after 6 months of age or 4 doses required
- **2 Varicella (chickenpox)**
 - history of disease requires a document signed by a healthcare provider
- **2 Hepatitis A (HAV)**
- **1 Meningococcal**

EXEMPTIONS- PERSONAL, RELIGIOUS, MEDICAL

All **new** students, students entering **Kindergarten** and **7th grade** the legal guardian must complete an on-line educational module (free of charge) and provide a copy of the completed form to the school official. The on-line course can be found at https://apps.usiis.org/vac_edu_module/.

Completion of the on-line educational module can be done at the Health Department if you do not have access to a computer. For a **medical exemption**, a written note from a licensed health care provider must be provided along with a copy of the completed on-line educational module. It should state the physical condition of the student, and why that vaccine would endanger the student's life or health.

Results of a completed TB test (PPD) given in the U.S. within 90 days or results of a chest x-ray taken within the last year must be presented to register for school by all foreign-born students from countries at high risk entering school for the first time or any student who has lived in high-risk countries for 6 months or more within the past 5 year. Students that have initiated a TB screening test but are waiting results may begin school if they have no signs or symptoms of tuberculosis.

A child may be allowed to attend school "conditionally" if at least one dose of each required immunization series has been completed and the child is currently on schedule to finish the rest. The remaining immunizations must be completed on schedule for the child to remain in attendance.
