Introductions

Cory Smith may be coming in November to go over data with the group. (That will be pushed to next month) Todd talked about –school grade (presented a video) Then we looked at the Data gateway on USOE site and discussed a little about how the grades are determined and what they mean.

Discussed what it means to be the SCC Chair- they create the agenda-conduct the meeting-send out reminders-keep minutes (or assign those out)

Nominations-Nicolette nominated Liz Gibby to be the chair. Liz nominated Kelly. Kelly has too much on her plate right now. Audrey seconded the motion for Liz being the chair, so when no one opposed, she agreed to be the SCC chair for 2016 school year.

Total budget for this year was \$149,057. This is roughly \$73 per student.

Todd proposed to change conference travel to teacher summer work days and teacher salaries to lower class sizes. Some additional may be used for subs for teachers to attend PD and observe other classes. We voted to move \$12,000 over to teacher salaries and summer days. Audrey motioned we make the change, and Liz seconded the motion . All in favor, so the change will be approved.

Counseling finished up the meeting by talking about CCR's and the things they are working on currently. Audrey motioned we close them meeting, Liz seconded. The meeting adjourned.

Next meeting was scheduled for October when the district will come and present a bond proposal. Meetings will be scheduled on the first Wednesday of the month at 3:15 in the Media Center.
