

## **Accelerated Placement Test:**

Register for the test by clicking [here](#)

**Where:** Canyon View Jr. High Cafeteria

**When:** March 24 or March 25

**Time:** 3:00 PM – 4:45 PM

**Registration Deadline:** March 16<sup>th</sup>, 2021

For your information:

1. The test consists of approximately 50 questions with a 90-minute time limit. It will be administered using a computer.
2. Three math credits are now required for graduation. Those students who enroll in the accelerated class as 7<sup>th</sup> graders must complete through Calculus in order to have enough math credits to graduate from high school.
3. Keep in mind that some students on the accelerated math path experience math 'burn out' by the time they reach 10<sup>th</sup> grade because of the difficulty and the fast-paced course. Accelerated students should be organized, dedicated, and have good study habits.
4. The class will cover the Intermediate I and Intermediate II curriculum. In 8<sup>th</sup> grade, students will take Secondary Math I with the 9<sup>th</sup> graders.
5. We will send home a letter after your child takes the test and with their class placement.

Concepts for the test will come from the 6<sup>th</sup> grade core found at <https://www.uen.org>. It is our recommendation that students prepare and study for the test.

**THE ONLY STUDENTS WHO NEED TO TAKE A PLACEMENT EXAM ARE THOSE WHO ARE INTERESTED IN PLACEMENT IN THE ACCELERATED Math Class**
