

Accelerated Placement Test:

Register for the test by clicking [here](#)

Where: Canyon View Jr. High Cafeteria

When: March 24 or March 25

Time: 3:00 PM – 4:45 PM

Registration Deadline: March 16th, 2021

For your information:

1. The test consists of approximately 50 questions with a 90-minute time limit. It will be administered using a computer.
2. Three math credits are now required for graduation. Those students who enroll in the accelerated class as 7th graders must complete through Calculus in order to have enough math credits to graduate from high school.
3. Keep in mind that some students on the accelerated math path experience math 'burn out' by the time they reach 10th grade because of the difficulty and the fast-paced course. Accelerated students should be organized, dedicated, and have good study habits.
4. The class will cover the Intermediate I and Intermediate II curriculum. In 8th grade, students will take Secondary Math I with the 9th graders.
5. We will send home a letter after your child takes the test and with their class placement.

Concepts for the test will come from the 6th grade core found at <https://www.uen.org>. It is our recommendation that students prepare and study for the test.

THE ONLY STUDENTS WHO NEED TO TAKE A PLACEMENT EXAM ARE THOSE WHO ARE INTERESTED IN PLACEMENT IN THE ACCELERATED Math Class

If you have any other questions, call Canyon View Jr. High 801-610-8130.
