## Administration Message

Dear Canyon View Community,

Happy New Year from all of us at Canyon View! We hope everyone enjoyed a relaxing and rejuvenating break from school. With the start of a new calendar year, it's a good time to get a fresh start and new perspective on school. We hope our students are focused and ready to thrive in 2022.

This year our staff has been working to improve our student literacy. Every teacher is looking for ways to incorporate reading, writing, speaking, and listening into their curriculum. We believe that a student with high literacy skills will be more successful in all of their classes and endeavors outside of school. Improved literacy benefits high achieving students, low achieving students, English Language Learners, and students with disabilities. For this reason, we believe literacy is one of the highest leverage activities we can focus on. Some things you might see in a literacy-focused classroom include an emphasis on vocabulary not for the sake of memorizing words but to help students understand complex ideas; various, brief writing activities to organize thoughts prior to class discussions; reading passages of text then discussing its meaning as a class. These kinds of activities traditionally have occurred in English class but we are starting to see more of them in science, math, CTE, arts, and PE classes too.

We appreciate all the effort our teachers have put into helping each student increase their literacy skills.

Sincerely, Mr. Cotterell, Assistant Principal

FCCLA (the Family Career and Community Leaders of America) will be meeting on the 1st and 3rd Thursdays of each month in Room 122.  
\*2:20-3:00pm

This year we will be focusing a lot on community service!  
All are invited!

See Ms. Jones for an application.

**PTSA**  
every child. one voice.

Everyone is welcome to attend our monthly PTSA meeting the last Monday of the month at 12:15. We would love your input and ideas. You can email Lindsey Ramage [lindseyramage@gmail.com](mailto:lindseyramage@gmail.com), if there is anything you would like to add to our meeting agenda.

## CANYON VIEW PANTRY

The Canyon View Pantry is open every Monday and Wednesday after school from 2:20-2:50. Students can come in to pick up an after school snack, simple meals, and toiletries. Elementary students are welcome to visit the pantry as well! We accept donations and they can be dropped off during school hours in the front office.

You did it!  
*Congratulations*

## CVJH School Security & Visitor Check In/Check Out Procedures

If you need to check out your student, please come prepared to show your driver's license. We cannot let students go until we verify you. If students are coming back to school, they can check themselves in on the computers provided.

If your student will be coming late to school, please send them with a note signed by you.

### SCHOOL SECURITY MEASURES & VISITOR PROCEDURES:

All but the main entrance doors will remain locked during the school day and all visitors, will need to use the buzz-in entry system. Once inside, visitors may be required to show photo identification, and sign in to obtain a visitor's pass.

## CANYON VIEW JR. HIGH School Community Council

The School Community council is responsible to evaluate their schools greatest academic need and create the School Improvement Plan to determine the use of the LAND Trust monies awarded to their school. Parents, faculty, staff, and community members are invited to attend and join the council, and are encouraged to participate in all meetings throughout the school year.

### School Community Council Meetings

We invite you to attend the Canyon View Junior High SCC meetings to learn about our school's greatest academic needs, our School Improvement Plan, and how to best use our LAND Trust funds. You have a voice! Together we can make a positive difference in the education of our children!

### 2021-2022 CVJH SCC MEETING SCHEDULE

# COUNSELING OFFICE

## Canyon View Jr. High

Are you interested in knowing how to help your students thrive and decrease the likelihood of them engaging in high risk behaviors? The Developmental Assets® are 40 research-based, positive experiences and qualities that influence young people's development, helping them become caring, responsible and productive adults. These assets are protective factors that have been consistently shown, by research of more than 5 million young people, that the more assets they have the more likely they are to thrive and the less likely they are to engage in a wide range of risky behaviors. Check out the actual [research data](#).

Research shows that the youth with the most assets are *more* likely to:

- Do well in school.
- Maintain good health
- Help others
- Overcome adversity

Research also shows that youth with the most assets are *least* likely to have problems with:

- Alcohol use
- Violence
- Illicit drug use
- Sexual activity

There are two categories of assets: external assets and internal assets. External assets are the assets that center around positive experiences from the people and experiences in a young person's life. Internal assets are those that focus on individual qualities that guide positive choices and develop a sense of confidence, passion, and purpose. This is a full list of the [40 assets](#).

Your student's school counselor is happy to work with you to help your student develop these assets.

### Auditions for "You're a Good Man, Charlie Brown"

will be held in the auditorium January 11, 12, and 13. First rehearsal will be Friday January 14 at 2:30 p.m. We hope to see all students who want to participate in a fun musical theater production. There will be 15 speaking roles and a large ensemble. This play will be presented April 21 through April 26, 2022.

### HEY FUTURE 9<sup>TH</sup> GRADERS!

Did you know you can take both Biology AND Earth Science at the same time? Taking both classes next year will allow you to complete 2 of the 3 required science credits for high school before ever leaving junior high!

Sign up for **EARTH SCIENCE** next year!

In Earth Science we will design and build a Mars rover, build earthquake-proof structures, predict the weather, study human interactions, design environmental solutions, and much more! Come talk with Mrs. Samuelson (rm 202) if you have questions!
