Committee Breakouts

Committee Reports

Public Relations: Frequently Asked Questions page for 7th grade registration and during the regular registration.

School Culture: Survey to Teachers, Student Council, and Honor Society regarding specific issues with respect for ideas for next year. Because of the trash problem in cafeteria, we will hold a competition during lunches in April to see which lunch can be the cleanest.

Academic Development: In researching academic needs, ELL, Hispanic, and SpEd students are the groups needing the most support. Motion was made and seconded for Math group to present their greatest needs to Council at the next meeting. Support will be given to English and History for Literacy. Council would like presentation from SpEd also, regarding their highest academic needs.

Principal's Report

Many awards were given this past month. Kevin Rich-Accent on Excellence. He was one of 10 teachers in the district receiving this award. 7th grade Science team – Accent on Excellence for their data and working with students. Tiffany Pierce was named State Science Teacher of the Year. Pam Rock was given Lifetime Achievement Award for her service in CTE.

White Ribbon week just passed. Robbie Taggart, Lakeridge Seminary Teacher, spoke at our assembly, and did a great job presenting a positive message on technology.

Collaboration Incentive Goal and Plan meeting is on Monday, March 7th, from 1:00 – 2:00pm. Admin would like to have Council members attend the meeting.

Trustland Fund update: Summer Collaboration was taken out of this year's fund, not last year's, as expected. Budget is in good shape, but changes were surprising. A copy of the fund breakdown was given to each council member. Next year's Trustland budget should be close to the same amount as this year.

There were no Department Requests for this meeting.
