What do we value?

All students and staff should feel safe, confident, and connected.

Collaboration and Professional Learning are each fundamental to teacher improvement.

Classroom and school practices must be designed to ensure learning for all.

Education includes knowledge, skills, and dispositions for continuous growth.

High levels of student success are attainable and expected.

### School Improvement Plan

#### Goal #1

Students will increase performance on math, science, and language arts end of year tests by 2 percentage points from the 2018-19 to the 2019-20 school year.

#### Results

No data was collected, because end of year tests were not given due to Covid-19.

#### Goal #2

Less than 5% of all students will have an F in any given term and over 95% of all 9th graders will leave Mountain Ridge on track for graduation.

#### Results
