

Oak Canyon Junior High Stake Holders' Report Academic Results

2015-2016

"Together, We Learn for Life."

We are pleased to present to the patrons of Oak Canyon Junior High School our annual Stakeholders' Report. We are privileged to be in the education profession and look forward to serving you and your student(s) with a high quality education for many years to come!

Vision: Ensuring student success through collaboration, data analysis, and collective inquiry.

Oak Canyon Junior High

Oak Canyon Junior High School is a wonderful place for students. Our students are some of the best and brightest Utah County has to offer! Our staff is thrilled to work in our school and feels the influence of the supportive community that sends awesome, talented, and amazing students to school each day.

Our goal at Oak Canyon is to provide meaningful learning and social opportunities for every student enrolled here. We work hard to send every student to the high school on track for graduation with a foundation of content mastery and the appropriate levels of credit to be applied towards a high school diploma.

Students at Oak Canyon perform at or above the Alpine School District average in SAGE test scores. We are proud of our students and their individual and collective efforts towards such performance levels. Our school recently earned a B grade on the Utah State Office of Education's school grading system. This grade is primarily based on a combination of proficiency and student growth levels on the SAGE tests administered at the end of each school year. All of our departments contribute to the greatness of OCJHS by providing engaging and meaningful instruction, student learning assessment, intervention when students struggle, and exciting curricular and extra-curricular activities.

SCHOOL COMMUNITY COUNCIL

Employee SCC Members:

Doug Webb (Principal), Michael Bearden (Co-Chair), Jennifer Batchler, Mike Redford and Alex Goold.

Parent SCC Members:

Cristie Wood (Chair), Mariam Erickson, Cheri Hardman, Marjorie Holt, William Shupe, Tiffany Cook

The School Community Council (SCC) oversees the Trust Land money received from the legislature each year. Guidelines for the expenditure of this money are used to "focus on the most critical academic needs to directly impact instruction and enhance academic excellence." 2015-2016 trust land money has been spent in the following ways:

Hourly/Certified Help

Double Dose Math\$17,857.50

For 9th grade students who need extra help with math; there are two sections being taught.

Math Lab.....\$2,937.00

After school math help provided to all students needing assistance from one of our certified math teachers.

Math Aides.....\$7,170.00

Math help is provided to all students needing assistance.

Guided Studies.....\$17857.50

These classes are structured to provide students with individual guidance and support needed for success in school.

Read 180..... \$15,373.00

This class provides direct instruction in reading comprehension, vocabulary building, and reading strategies to students needing additional support, based on data from CRTs and Lexile scores.

English Aide..... \$5,070.00

English help is provided to all students needing assistance.

Equipment (MyAccess Software).....\$5,722.00

This program was provided for all students at Oak Canyon Junior High to improve writing.

Employee Benefit.....\$12,087.00

- Spelling Bee
- Student Council
- Teacher Aide
- Track and Field (7th, 8th, 9th)
- TSA
- Yearbook

Oak Canyon Junior High

Goals for 2016-2017

- Reduce the number of students with a credit deficiency to less than 5 percent.
- Oak Canyon will work with students with D, F, or I grades to decrease the overall percentage of students with a failing grade as compared to that percentage in their class the previous year.

- Over 50 students are involved in serving the school and community through PTSA Student Leadership.
- The Oak Canyon Science Demo Team is in their 20th year of teaching science to students throughout the state. Over the years our demo team has acquired many awards and grants. We received the Utah Jazz/Phillip 66 Excellence in Science Teaching Award (\$5000), Micron Science Teaching Award (\$3000), and the Intel Innovations in Science Teaching Award (\$40,000), just to name a few. The Oak Canyon Science team has reached out to over 60,000 students throughout this great state of Utah. The Science Demo Team is the longest running academic program in the school and has engrained itself into the rich academic culture of Oak Canyon Jr. High.
