I was born in Fallon, Nevada, which is a small town in Northern Nevada. I am the youngest of 3 girls in my family, and love to spoil my 6 nephews. I absolutely love to cook and bake. I make way too much food for being on my own! Growing up, I was involved in clog dancing. Loved it! During this quarantine I have started doing paint night paintings online....I'm not good at all but its been a fun new project!
