

## **Ms. Erbe**

My name is Ashlynn Erbe and I am a School Psychologist for Alpine School District. I grew up in Northern California with my parents and 3 younger siblings. I'm an avid outdoorsman that enjoys climbing to dangerous heights, rappelling into narrow slot canyons, or splashing around in ocean waves. But, I also love a good movie or comedy in the evening where I can just sit on the couch and veg for a while. Something funny about me is that I truly don't like mushrooms and will attempt to secretly pick them out of my food.
