

OAK CANYON JUNIOR HIGH

YOUNG MASTERS APPLICATION

Taught by: Ms. Mortensen

Course Description: This class is an advanced level art class for serious art students. The course stresses fundamentals of drawing and painting using a variety of media and subjects. Students will create a variety of original art works to help prepare them for participating in the AP art programs in High School

The Young Masters class is also considered a club. As such we will be designing hoodies for the class. These hoodies are not required, but strongly recommended as a means to create unity in the class, a sense of belonging, and an awesome reminder of their time spent in the Young Masters class. Hoodies cost \$25 for a pullover or \$35 for a zippered hoodie. After a student has been accepted into the class you can pay for their hoodie early in the front office. Please note: payments cannot be accepted until after a student has been accepted into the program.
